A head start on event planning!

What's NEW?

Hello everybody!

Hope you enjoyed all the great holidays in December and had a nice start to your new year!

December, as always, was a busy month for me! New and repeat clients this past year included **3LOG Systems**, **BELFOR Restoration**, **Locher Evers**, and many **Celebrate Burnaby 125 Birthday** events for the **City of Burnaby**, to name a few.

Birthday party shows were a lot of fun in 2017 - everything from 1st Birthdays to milestone 40th and even 50th birthdays. Sharing my unique magic and comedy while making people laugh is why I love my job!

Thank You to those of you who invited me to be part of your Christmas program or special event last year.

As always, we appreciate your business and friendship. From my family to yours, we wish you a happy and memorable 2018!

Kind regards, Ray
